

RECOMMENDED LIST OF EVANGELICAL COMMENTARIES ON THE OLD TESTAMENT

Compiled by J. Paul Tanner, ThM, PhD
June 25, 2017

I. RECOMMENDED TWO-VOLUME SET:

Walvoord, John F.; and Zuck, Roy B. eds. *The Bible Knowledge Commentary*. 2 vols. Wheaton, IL: Victor Books, 1983, 1985.

Most one-volume commentaries are too brief to be of any significant help. This two-volume set, however, is a gold-mine of information and commentary. It was written by the faculty of Dallas Seminary, and is based on the NIV text. This is recommended as a first purchase. This is also available on CD-Rom (also available with Logos Bible software).

II. MULTI-VOLUME SET:

A. The Expositor's Bible Commentary

If you have already purchased the 2 volume *Bible Knowledge Commentary*, I would recommend that your next acquisition be the *Expositor's Bible Commentary* set. This is an excellent series written by a team of evangelicals. In fact, several of the OT commentaries I recommend in Part III are from this series. The work is of uneven quality, but overall quite helpful. The format is to divide each book into literary units, provide commentary on that unit, and relegate technical notes to the end of each session. Based on the NIV. A revised edition has more recently been released, edited by Tremper Longman III and David E. Garland (2008-2012). Some of the books in the newer version are better, but in a few cases the older ones are better (e.g., Jeremiah and Daniel).

Gaebelein, Frank E., gen. ed. *The Expositor's Bible Commentary*. 12 vols. Grand Rapids, MI: Zondervan Pub. House, 1979—1992.

Longman, Tremper III; and David E. Garland. *The Expositor's Bible Commentary*. Rev. ed. 13 vols. Grand Rapids, MI: Zondervan Pub. House, 2006-2012.

B. The Evangelical Exegetical Commentary

This is a new commentary set that is being produced in electronic format by Logos Bible Software. This is a projected 44 volume set, and all the contributors are committed evangelicals (e.g., Ronald Youngblood and Walter Kaiser). Many of them are faculty members or graduates of Dallas Seminary. This looks to be one of the best sets to come out from an evangelical perspective. For further information, see <http://evangelicalexegeticalcommentary.com/>. I have the privilege of authoring the commentary on the Book of Daniel.

III. COMMENTARIES ON INDIVIDUAL BOOKS OF THE OLD TESTAMENT

Although there are numerous commentaries on each book of the Bible, each one has advantages and disadvantages. Some are stronger in technical detail, some with overall synthesis, some with theological interpretation, etc. My choices reflect what I feel would be a good English exposition (not too technical), with priority given to evangelical commentaries and especially those written from a premillennial viewpoint. In most cases, I have tried to pick out the one best over-all commentary for each book. Where I have listed two or more for one book, the symbol ** indicates first choice and * a second choice.

Christensen, Duane L. *Deuteronomy 1:1—21:9*. Word Biblical Commentary, vol. 6A. 2nd ed. Dallas, TX: Word Books, Publisher, 2001.

Although Christensen does adopt some of the views of critical scholarship, nevertheless his commentary on Deuteronomy strikes a good balance between exposition and comments on the Hebrew text (and various other text critical matters). Very helpful, and a good interaction with the current state of scholarship.
